

FINANCE CAMPAIGN FOR BOY SCOUTS IS SURGING AHEAD

Lower Bucks Area Has
 Again Taken First Place;
 Delaware Valley, 2nd

THE 5-YEAR PROGRAM

Senior Scout Ball is Sched-
 uled for Saturday at
 Sellersville

Progress in the finance campaign of the Bucks County Council, Boy Scouts of America, show all the districts surging ahead with reports showing that Lower Bucks has again taken first place, with Delaware Valley in second place, and Lehigh District following in a very close third place. Good progress is being made, with reports showing that the goal of \$200,000 "Friends of Scouting" for this year will undoubtedly be attained.

The chairman of the seven districts of the council report that the local communities of all areas strive towards reaching the goal. Already many communities have gone "over top" of last year's reports. They are as follows: Bristol Twp., all six wards of Bristol, Croydon, Hulmeville, Doylestown, Line Lexington, Hartsville, Johnsville, Siles, Southampton, Upper Black Eddy, Pohatcong, Kintnersville.

The president of the council, F. P. Kemmerer, has expressed his confidence that the campaign will be successful so that the council may continue to put into full play its full resources in giving Scouting to every boy in the council area.

Mr. Kemmerer presented the progress of the five year program which is being made in the Bucks County Council to 300 Scouters assembled at the annual meeting of Region III, at the duPont Hotel, Wilmington, Del. He also attended a meeting of the presidents of the 52 councils of the region at which time plans were made on a regional basis for expansion of the work of Scouting. Bucks County Council is outstanding in the progress in the set-up and operation of the five year program which is said to be one of the best in the region. At the annual meeting, Ross L. Leffler, regional chairman, was in charge. Among the other speakers were: General Joseph W. Byron, Dr. Charles S. Swope, president of the State Teachers College at West Chester; Dr. H. V. Masters, president of Albright College, Reading; Dr. E. K. Pretwell, chief Scout executive of the Boy Scouts of America; and Harold F. Pote, director of the Division of personnel of the Boy Scouts of America. Those in attendance from Bucks County Council were: President Kemmerer, the Hon. and Mrs. Thomas B. Stockham, Mr. and Mrs. Harry S. Hoffman, Sr., Mr. and Mrs. William Burgess, Jr., Dr. A. J. Strathie, Mr. and Mrs. George Hobensack, Mr. and Mrs. Frederick B. Schneck and Raymond W. Hoxworth.

The ball for all Senior Scouts and Scouters of Bucks County Council will be held in Sellersville Fire Co. station on Saturday, an orchestra furnishing music. The grand march will be led by the Hon. and Mrs. Thomas B. Stockham. In the receiving line will be F. P. Kemmerer, Mr. and Mrs. William Burgess, Jr., Mr. and Mrs. Raymond W. Hoxworth, Mr. and Mrs. Frederick B. Schneck, Lloyd G. Nyce, Earl C. Cressman, chairman of the host units; Ernest L. Muth and Robert C. Hendricks, leaders of the host units. A memorandum giving their views on how United States aid to Europe could be supervised has been handed to the State Department by representatives of the 16 nations under the Marshall plan. It warns that such supervision should be in such a form that Washington cannot be accused of interference in the internal affairs of the nations receiving help. It also emphasizes the need for combating inflation here and in Europe.

SHABBY POLITICS!

From any point of view, the effort of the Democratic County Chairman of Bucks County to "cut" his running mate, the present Democratic member of the Board of Commissioners, out of the office for which the Democratic party re-nominated him, and to grab the job for himself, comes under the head of shabby politics.

Politics has its ethics, and one of those is the duty of a County Chairman, entrusted as he is with the welfare of his party and his ticket, to go down the line for them.

Forgetting his broader responsibilities in his greed for a job for himself is a failing which very few county chairmen have ever displayed.

The letter sent by the Democratic Chairman (although he didn't identify himself as such) to Republican voters, asking their help in "cutting" his running mate, is one of those strange political documents which has to be seen to be believed.

From the Republican point of view, it is a little annoying to find that the Democratic Chairman has so slight an opinion of their judgment that he thinks they will "fall for" any such a proposition as he makes—that if they will give him one of their votes "then you will have the privilege to mark another (X) after one of the two Republican candidates."

Most Republicans who received the letter noted at once that if they marked their ballots the way the letter diagrammed, they would cut both of their own candidates, and wind up casting their only vote for the hopeful Democratic Chairman.

Democrats are startled to find their County Chairman carefully explaining by mail to Republicans how to go about voting a straight Republican ticket for all offices except the one in which he is personally interested.

They are startled also to find printed over their County Chairman's name a portion of a marked ballot in which there is a cross after the Chairman's name as candidate for County Commissioner, and none after the name of his running-mate, the

DAVID LANDRETH

David Landreth, Republican nominee for School Director, was appointed to the School Board in 1944 to fill a vacancy, and was elected for a two-year term in 1945. He is the Republican nominee for re-election to the School Board at the election next Tuesday.

Descended from a distinguished family of seed specialists, Mr. Landreth was born at the Bloomsdale farm of his father, Burnett Landreth. His education was at the Model School in Trenton and at the Episcopal Academy in Philadelphia.

After graduating, he worked for several years in the freight department of the Pennsylvania Railroad in Trenton and Philadelphia, and in 1909 entered the D. Landreth Seed Co., founded by his grandfather, remaining there until 1941. At that time he opened his own seed business under the name of David Landreth, Seeds, now doing business as Bristol Seed Co., David Landreth, Owner.

Interested in athletics since boyhood, he played football and baseball at Episcopal Academy and up to the recent war owned and managed a Bristol baseball team.

On Dec. 14, 1912, he married Miss Florence Emily Swift, of St. Louis, and they have three children, all of whom attended Bristol public schools: Mrs. William C. Doak, of Bristol; Mrs. J. B. Carnette, of Philadelphia; and Charlotte Swift Landreth, who was in the Marine Corps for more than two years during the War, and who is now secretary for her father.

FOOD COMMITTEE HAS APPEAL FOR PUBLIC

Pushing Campaign for Saving
 of Food That Europe's
 Hungry May Be Fed

PROGRAM OUTLINED

Bristol Citizens Food Committee today made public an appeal which it had received from the committee named by President Truman to campaign for the saving of food so that the hungry in Europe might be fed.

The appeal and the program is the same as the one made nationally several weeks ago but it is called to the attention of Bristol residents and their co-operation is asked by Wesley J. Spencer, chairman of the Bristol committee.

"It's bad enough any time for children, mothers, the aged, workers—for everyone. But as the snow falls this winter, thousands and thousands of men, women and children in western Europe will have no coal, no bread, or meat.

"America can help meet this need from your kitchen.

Eat no meat on Tuesday. This means no beef, veal, lamb, and pork.

Eat no poultry and no eggs on Thursday. This means no chicken, turkey, duck, geese—and their eggs.

Save a slice of bread daily. When you do these things, you'll be saving grain to ship to our friends in Europe.

The appeal continues: The world today, with the approach of winter, is again facing a desperate food situation. Conditions are particularly critical in Western Europe.

Throughout the growing season frost, drought and floods took a heavy toll of food crops. Wheat and rye production in Western Europe is down by 200 million bushels, even as compared to last year, when hunger was widespread. And the situation has grown worse in the last 60 to 90 days.

The already meager bread rations have been further cut in France, Italy, Holland, Sweden, etc., and, on the basis of present prospects, the rations for most other countries will have to be cut sooner or later. As cold weather nears, the unrest grows.

To make matters worse, the population of Western Europe has grown—hence more mouths to feed.

It's true that in the better parts of many large cities, you will see little evidence of hunger. But the average man is always hungry, and

Ramblers and Atlantic City Players to Meet

The Bristol Ramblers will attempt to chalk up another victory of the new roller hockey season when they cross sticks with the Atlantic City, N. J., boys at the Garden-Midway Roller Rink, Burlington, N. J., Sunday evening.

Due to the fact that the Bristol boys do not have a rink here, Edward Ruth, owner of Burlington rink, has been kind enough to allow the Bristol team to play their home games on his floor after their skating session ends Sunday night at 10:30.

In hooking the Americans, the Bristol boys will be playing one of the best hockey teams in the east. It is said, The Atlantic City team is made up of players from the ice hockey league that once played at Convention Hall in Atlantic City, and have stars such as Bob Gilbert as goalie; Andrews and Bob Moffett, the leading scorers of the league.

HANDICAPPED XI OF ST. ANN'S WILL BATTLE HOPE TEAM

Fire Company from Burlington Has 6-Game Winning Streak

FRACAS TOMORROW

DeRisi Has Just Four Backfield Men Who Are Available

Considerably handicapped by injuries, the St. Ann's A. A. team will attempt to stop the six-game winning streak of the Hope Fire Company eleven tomorrow afternoon on the Burlington High School field. Kickoff will take place at 2:15 o'clock.

It became known last night that Coach "Mike" DeRisi has just four backfield men available for the Burlington tilt. Thursday "Reds" Foote was taken to the hospital with appendicitis and last Sunday both "Nate" Chichelli and Joe Cialella were injured. This leaves Stan Lelinski, Leo Fiorelli, Nick Lomma and "Jim" Spencer to do the entire work in the backfield.

In order to rest these boys occasionally, Coach DeRisi may be forced to use linemen in the backfield for defensive work unless "Howie" Keyes is transferred to a back position although Keyes also was injured in the game against Willow Grove.

The Hope team has played seven games and won six, it being tied by Palmyra. Only two teams have scored on the Jerseyites and not one has made more than six points. However, despite its record of five wins and three defeats, the St. Ann's team has managed to score on every opponent this season.

Hope is coached by "Pete" Bornice who last season handled the destinies of the St. Ann's team. Several other Bristol boys who played with the "Saints" last season are now wearing the red uniform of the Jersey firemen. They include: "Herb" Calione, "Bobby" Bauroth, Bob Mount, "Jim" Rue, and "Teddy" Sak. "Moe" Caucei, former Bristol High star, is also a backfield man in the Hope lineup.

Calione has two brothers, Tony and "Woody," who will be in the starting lineup of the St. Ann's team so in this case it will be brother against brother.

Intense rivalry has been stirred because of the numerous Bristol boys and Bornice being connected with the Burlington team. The boys are expected to hit hard but play clean football.

GOODWILL PLAYERS TO BATTLE PALMYRA XI

Improving with every game, the Goodwill Home team travels to Palmyra, N. J., tomorrow afternoon to meet Palmyra A. C. Game will begin at 2:15 o'clock. A bus for spectators will leave the Goodwill Home firehouse at one o'clock and reservations for this may be secured by getting in touch with Anthony Flatch at that place.

The hosiery played fine ball last Sunday in holding the Lambertville A. A. gridders to a scoreless deadlock despite the fact that the Bristol team was outwighed by at least 15 pounds to a man.

Goodwill's average for the season is one win, one tie, and three defeats. The losses were sustained early in the season before Coaches Joe Roe and Jesse Vanzant could get the team to click.

Highly Praise Prison Management at Co. Seat

DOYLESTOWN, Nov. 1—Following an inspection trip made through Bucks County prison at the end of the week by the prison board, made up of county commissioners, high praise for the management was given.

The board members commended the prison management under the direction of Warden Earl D. Handy, whose personal supervision is said to have advanced the ranking of the county prison to a very high standing in the Commonwealth of Pennsylvania.

The operation of the prison farm and truck patch has been an outstanding success. Prisoners have been kept busy every day. They have contributed something to their own rehabilitation. Warden Handy pointed out, as he escorted the Prison Board through the storage rooms where thousands of jars of vegetables and other foods—all prepared by the prisoners—are stored.

"We feed the prisoners the same type of meal that any good housewife would furnish her family," Warden Handy declared. "Our prisoners are hungry when they return from a day on the farm or other outside work, and a good meal does something to them mentally as well as physically."

The prisoners on Thursday completed husking corn at the Bucks County Home farm. Another project that is keeping the prisoners busy is painting of the various buildings at the county home.

outside the cities, many people are coming closer and closer to actual starvation. The people's resistance is so low that thousands are dying of pneumonia and tuberculosis. This winter the suffering will be tragic.

While hunger spreads in Europe, Americans are still eating at a record rate—far above pre-war America, with its record 1,450,000,000 bushel wheat crop—is the major source of relief. Wheat is the heart of the problem—because wheat is one of the cheapest, most easily shipped, most nourishing of foods, and because our own corn crop is off by about 900 million bushels, last year's record.

work, said Trooper Kiggins, should not be left up entirely to the safety patrols, but the parents should also assume some responsibility in making the children more traffic conscious.

The trooper showed three reels of motion pictures, "Safe Cargo," "Safety Patrol" and "The Little King."

With the Rev. Frank Damrosch, Jr. presiding, an executive committee was selected Tuesday night at the organization meeting of the Doylestown Community Concerts, held in the county seat. The committee has been organized as follows: President, Miss Irene Frack; vice-presidents, George Bishop, Paul Nuse, Miss Helen Leslie, Mrs. George Bishop; secretary, Mrs. John Elfman; treasurer, Howard Barnes.

"Navy Day" was observed Tuesday evening by the Kiwanis Club of Doylestown, when the official colored motion pictures of "Operations Crossroads" and the story of the atomic bomb were shown and described by Commander John Miller, Public Relations Officer of the U. S. Naval Air Station at Horsham.

The pictures held the Kiwanis audience spellbound, but when Commander Miller told the service club group that the atomic bomb that the United States now has, is ten times as destructive as the one used at Bikini, a shudder of horror was noticeable.

the school shift its responsibility in protecting the lives of its young people. Of what avail are all the technological and mechanical skills and knowledges if, because of an accident, a student loses his hands, his eyes, or his life?

"It will be a great satisfaction to all in this community to know that we are following an aggressive and time-tested plan to protect the lives of the children of our schools. At the same time, we shall be participating in the nationwide movement to reduce accidents which are now killing our American young people at the rate of 560 per month," concludes Mr. Snyder.
